Subject: Thank you

*Ms. Jenny,
I appreciate you leadership. I have been watchful and learned much from your style of management.
Chillicothe medical department has weathered a few storms during my brief time here, but the endurance, perseverance, and triumph is due to the wonderful individuals who work diligently, and it has been a pleasure to be part of the team and to be of service.
Thank you*

*Terri Y. LaBlance, APRN-BC
